A seemingly tireless power which some people possess.

You can call to your mind right this minute some men and women, boys and girls, perhaps, who always go about their work or play "with full steam up." They can accomplish more and do things better than other people. It's their "steam" that gives them increased power.

Maita-Vita, the perfect maited wholewheat food, fills men and women and children with the power to do things. It makes them strong in body and mind. It keeps up their "steam"

When Malta-Vita comes from the ovens, every fake baked crisp and brown, it is the most delictous and most healthful food in the world, containing only I per cent of moisture. The other 39 per cent is nutrition. And all this nutrition is digented most readily, even by the weakest stomach, because the gelatinized starch of the thoroughly cooked wheat has been converted by fine mait extract into maltone, or malt sugar.

New York, Nov. 19.—Admiral Prince I Louis became the host to-night, and in return for the hospitality which has been showered upon him during his stay in American waters, gave a magnificent dance on board his flagship, the Drake. The thousand or more invited guests included officials and society people in Annapolis, Washington, Baltimore and West Point, as well as in New York.

Fortunately, not all of this number came, or standing room, even in the vicinity of the Cumard Pier, alongside of which the flagship is berthed, would have been at a premium.

For three dayes the work of inclosing the whole ship in canvas, and transforming the interior into a fairlyland of colored flags and red, white and blue electric lights has been in progress. Officers and men, have worked hard on duty and off duty, and to-night they had the satisfaction of seeing the fruition of their labors in one of the most brilliant affairs ever seen in this country.

After swallowing nearly two cunces of carbolic acid, and while the poison burned livid scars on her hands and arms. Norrine Hudspeth, a pretty B-year-old girl, who lives at No. 125 North Seventh street, staggered into the drug store at North Broadway and Franklin avenue, early last night, and dramatically appealed for relief from her agony. She was beyond help and died soon afterward at the City Dispensary.

and died soon afterward at the City Dispensary.

There seems to be no motive for the suicide. Norrine Hudspeth was the daughter of William Hudspeth, a teamster who lives in Alton. She had been sewing for the last year in a downtown mercantile house. She had been boarding with Mrs. Anna Engle at No. 123 North Seventh street, and had been like one of the family. Of a cheery disposition, generous and lovable, she had many friends.

A possible clew to the cause of her tragic end is a visit which she paid to her home in Alton last Sunday, with Mrs. Libbite Barnes of No. 425 Pleasant street, When she returned to St. Louis she told Mamie Engle that she had 'not been well treated by her folks.' On her person at the time of her death were found pictures of the members of the family, a picture of a young man, some correspondence and 20 cents.

Shortly after noon yesterday she appeared at her boarding-house and paid her debts, remarking at the time she sat down to her dinner that it would be the last meal she would eat there. No attentions

Besides her father and relatives in Alton, two brothers live in this city. One is George Hudspeth, who lives at the Maple Hotel, at No. 1225 North Third street. The other brother, Charles, lives with his wife at No. 202 Twelfth street. A sad aftermath of the suicide was seen last night at the Hashhagen Auditorium.
